

GISGA National Gymnastics Championships

Kent College 2-4 March

Kent College Pembury

Old Church Road

Pembury

Tunbridge Wells

Kent TN2 4AX

UK

Telephone: 01892 822006 Fax: 01892 820239

Opening Ceremony on Friday night has not yet been discussed.

3rd March will be U10 and U13

4th March will be U11 and O13/U15

Deadline for entries will be Thursday 6th October 2011

People will then be notified if they have to attend the qualification event on 27th November.

I enclose the entry form and inform you that this will also be available on the website ([www. Gisgagymnastics.org](http://www.Gisgagymnastics.org)) later this week. Please ensure that you send your cheques with your entry and that your deposit cheque is written as a separate cheque. Each team entered must have a deposit paid for them.

At present all administration is being completed by Linda McNally and Vikki Cook. Please contact Linda in the first instance and do not approach the school directly as this may result in confusion for both you and our kind hosts.

Please note that we have decided to open up a new age group if time allows. In the first instance teams in the Over 13 age group will receive priority with any spare slots being available for Under 15 teams. This is the first year we have tried this so please follow the following instructions:

- If you have senior girls please decide if you would prefer to enter your team in the U15 (Year 9 and 10) competition or the O13 (Year 9 -13) competition.
- In each case the rule still applies that no one from U13 can be moved up.
- Preference can only be taken into consideration if we have spaces to accommodate both age groups.
- If you are hoping to enter both age groups please make that known.
- Spaces for 2 teams from one school will be allocated if there are less than 16 schools in total interested in entering the O13 or U15 competition
- If you are hoping for an U15 space your team will have to qualify for this at the GISGA 2 piece competition at Vinehall on November 27th 2011.
- The only way you will not need to qualify is if the total number of teams wishing to enter GISGA in these two sections does not exceed 16.

Please note that the group sequence floor will only be 10m x 10m unless we let you know to the contrary.

Maximum length of vault run ups to be confirmed.
